

English Show?.... Magic Lesson!!

Imagine: One day, a magician comes to your school and waves a magic wand. Suddenly all of your children are interested in learning English. In fact, they really enjoy it. Enthusiasm abounds. Of course, all of this sounds unbelievable, doesn't it? Too good to be true. But it actually happens with **The Marvellous Mr MoJo Magic English Show**.

For one hour the audience is delighted by comedy and magic. And despite the "full emersion, mother-tongue" approach, the children soon forget they are hearing and responding to a foreign language. By the end, they have understood and enjoyed the show completely. There confidence with and enthusiasm for English are increased no end.

The show has been developed in strict relation to the Common European Framework. Language content includes: present simple, present continuous, simple past, future, adjectives, comparatives, superlatives, pets, colours, hobbies, parts of the body, depending on the level of the audience.

Mr MoJo has vast experience in both the fields of entertainment and teaching English as a foreign language. **The Marvellous Mr MoJo Magic English Show** is the result of two years of development and has successfully toured schools around Italy.
